of Northern Greece

Scientific Program

7th Clinical Seminar in Pulmonary Hypertension and Thromboembolic Disease

Friday November 8th, 2019

10.30 - 12.00

Case Presentation

«Cases of Pulmonary Hypertension: Focus on diagnosis»

Coordinators: **G. Giannakoulas, G. Pitsiou**

Interesting case presentations, by:

- **Ch. Feloukidis**
- **E. Panagiotidou**
- **A. Arvanitaki**
- **D. Ntelios**

12.00 - 12.30

Coffee break

12.30 - 14.00

Round Table

«Challenges in the diagnosis of Pulmonary Hypertension»

Coordinators: **G. Efthimiadis, I. Zarifis**

- Patients with lung disease: Group 1 vs group 3 - differences, **G. Pitsiou**
- Patients with connective tissue diseases - early diagnosis, **E. Triantafyllidou**
- Role of cardiopulmonary exercise test in diagnosis and follow-up, **I. Stanopoulos**

14.00 - 15.00

Break

15.00 - 16.30

Case Presentation

«Pulmonary Hypertension cases. Focus on treatment»

Coordinators: **I. Mitrouska, D. Tsiapras**

Interesting case presentations, by:

- **D. Ntiloudi**
- **F. Frantzeskaki**
- **D. Konstantonis**
- **P. Rouskas**

Friday November 8th, 2019

16.30 - 18.00

Round Table

«Risk stratification and treatment of Pulmonary Arterial Hypertension»

Coordinators: **A. Anthi, S. Orfanos**

- Risk stratification with simple clinical and biochemical markers: Is this enough or is ECHO necessary?
D. Tsiapras
- Risk stratification in PAH. Is hemodynamic and right ventricle assessment necessary?
G. Giannakoulas
- How early should parenteral prostanoids be administered in PAH,
I. Tzagkaris
- Is there still a place for drug monotherapy in PAH and when?
F. Frantzeskaki

18.00 - 18.30

Satellite Lecture - MSD

«The importance of sGC stimulation in the treatment of Pulmonary Artery Hypertension- Discussion of Clinical case»

Coordinator: **S. Orfanos**

Speaker: **G. Pitsiou**

18.30 - 19.00

Coffee break

19.00 - 19.30

Lecture

«Surgical treatment of CTEPH in Greece»

Coordinator: **H. Karvounis**

Lecturer: **G. Drosos**

19.30 - 21.00

Round Table

«Interventional treatment of CTEPH»

Coordinators: **A. Ziakas, S. Chatzimiliades**

- Diagnostic approach of patients with CTEPH: Ventilation Lung Scintigraphy - CT Angiography - Invasive Pulmonary Angiography,
M. Didaggelos
- Medical Treatment,
I. Mitrouska
- Balloon pulmonary angioplasty. Where are we today?
A. Tzikas
- Discussion

7th Clinical Seminar in Pulmonary Hypertension and Thromboembolic Disease

Saturday November 9th, 2019

09.30 - 10.30

Lectures

Coordinators: **K. Vasiliades, H. Karvounis**

- Diagnostic approach of patients with congenital heart disease, **Th. Zagklavara**
- Update in the management of adult congenital heart diseases, **G. Giannakoulas**

10.30 - 12.00

Round Table

«**Adult congenital heart disease - Cases**»

Coordinators: **A. Giannopoulos, K. Thomaides**

Interesting case presentations, by:

- **A. Arvanitaki**
- **A. Koutsakis**
- **A. Frogoudaki**
- **M. Mpoutsikou**

12.00 - 12.30

Satellite Lecture - Galenica

«**Lowering mPAP or PVR as Treatment Goal in PAH patients**»

Coordinator: **H. Karvounis**

Lecturer: **R. Badagliacca**

12.30 - 12.35

November: World Month of Pulmonary Hypertension

- The patients voice, **I. Alysandratou**

12.35 - 13.00

Coffee break

13.00 - 14.00

Satellite Symposium - Actelion

«**Pulmonary Arterial Hypertension: Approaching the invisible side of the disease**»

Coordinator: **H. Karvounis**

- Pulmonary Arterial Hypertension: Understanding a silently progressive disease, **G. Pitsiou**
- How a deeper understanding of the disease can guide the treatment strategy, **G. Giannakoulas**

Saturday November 9th, 2019

14.00 - 14.30

Satellite Lecture - GSK

«**Risk stratification in PAH: from Theory to Clinical Practice**»

Coordinator: **S. Orfanos**

Lecturer: **F. Frantzeskaki**

14.30 - 16.00

Break

16.00 - 17.30

Round Table

«**Interesting case presentations of Pulmonary Hypertension, Type II - III**»

Coordinators: **G. Giannakoulas, I. Tsagkaris**

Interesting case presentations, by:

- **D. Farmakis**
- **A. Kartas**
- **E. Panagiotidou**
- **M.A. Bazbani**

17.30 - 18.00

Coffee break

18.00 - 18.30

Lecture

«**Latest research in Pulmonary Hypertension**»

Coordinator: **H. Karvounis**

Lecturer: **S. Orfanos**

18.30 - 20.30

Round Table

«**Pulmonary embolism 2019**»

Coordinator: **I. Kanonidis, D. Tziakas**

- The use of CT for the diagnosis of pulmonary embolism and CTEPH,
A. Kallifatidis
- Cardiac MRI for the assessment of the right ventricle,
Th. Karamitsos
- The use of echocardiography for the assessment of patients with pulmonary embolism,
V. Kamperidis
- Risk stratification in pulmonary embolism,
G. Chalikias
- Discussion

Conclusion

H. Karvounis

Organization - Secretariat

26 Marathonomachon Street, 151 24 Maroussi , Greece
